WITH DISABILITIES**

DD Task Force Report 2009

The DD task Force co-chaired by Curt Decker, NDRN, Kim Musheno, AUCD and Mike Brogioli, NACDD functioned mainly as an AD hoc Task force due the lack of any real action.

The TF met to discuss the Barney Frank Bill which could jeopardize the P&A ability to bring institutional closure law suits.

There were initial meetings with Congressional committees on DD Act reauthorization but Health Care reform took up all the energy/air and nothing moved forward. Members of the Task Force approached the White House on the failure to appoint an ADD Commissioner.

The Task force will continue next year as we assume movement will begin on the DD Act, Frank bill, and administrative issues at ADD when a new Commissioner is appointed.
